It is an international community of innovative startups, mentors, experts, and industrials federated around an international acceleration program.

The program is structured around a Boostercamp and personalized support in the targeted territories. It offers a framework of trust and qualified connections to innovative companies that aim to internationalize with an "impact" solution.

in one of the following 4 categories:

- Environment
- Energy
- Industry & digital
- Health

It is aimed exclusively at startups wishing to internationalize in at least one of these territories:

In Europe :

Auvergne-Rhône-Alpes, Baden-Württemberg, Catalonia, Lombardy

In North America :

Pennsylvania, Quebec

Since its creation, BigBooster has supported 320 startups in their international development
