for the appointment of up to four new members to the Governing Board of the European Institute of Innovation and Technology (EIT)

The European Institute of Innovation and Technology (EIT) is launching a Call for expressions of interest ('Call') with the aim of the European Commission ('the Commission') to appoint up to four new members to the Governing Board of the EIT ('the Board').

Preamble

1. Pursuant to Regulation (EC) No 294/2008 of the European Parliament and of the Council of 11 March 2008 establishing the European Institute of Innovation and Technology (EIT)¹, as amended by Regulation (EU) No 1292/2013² of the European Parliament and of the Council of 11 December 2013 ('the EIT Regulation'), the EIT is launching a selection procedure for the Commission to appoint up to four new members to its Board in the field of knowledge triangle integration. The EIT is calling for expressions of interest from potential candidates.

1. The role of the EIT

2. The EIT is an EU body established by Regulation (EC) No 294/2008 to boost innovation and entrepreneurship across Europe. The EIT contributes to the competitiveness of Europe, its sustainable economic growth and job creation by promoting and strengthening synergies and cooperation among businesses (including SMEs), education institutions and research organisations. The EIT creates favourable ecosystems for creative thought, to enable world-class innovation and entrepreneurship to thrive in Europe.
3. A key objective of the EIT is to act as a role model for promoting new systemic approaches to innovation. The direct involvement of stakeholders in strategic, operational and financial aspects of the EIT is a cornerstone of this initiative.

4. The EIT currently provides grants to eight Knowledge and Innovation Communities (KICs). The EIT's KICs are highly integrated networks bringing together partners from business (including SMEs), universities and research organisations, bridging the public and private sectors.
5. The EIT budget for 2014-2020 is approximately EUR 2.4 billion. According to the Commission's proposal for a Regulation establishing Horizon Europe³, the EIT budget for 2021-2027 should amount to EUR 3 billion. The KICs can also leverage additional funding from the EU, as well as national and private sources. The EIT is the first European initiative to foster European innovation by fully integrating the three sides of the knowledge triangle (business, education and research) through the KICs. The aim of the EIT is to excel as a world-class institute of innovation, that inspires and drives change in European universities, research organisations and businesses, both new and established, ranging from start-ups to large multinational companies. Conceived with a clear market-driven focus, the EIT acts as a catalyst for sustainable economic growth and job creation throughout the EU by generating new skills, products, services and business, responding to public demand and the needs of the knowledge economy.

2. The Governing Board of the EIT

6. The EIT's strategic management is ensured by the Board, which consists of recognised European leaders of innovation from the knowledge triangle. The Board is the EIT's principal decision-making body entrusted with providing the strategic leadership of the Institute. It is autonomous in its decision-making and is, in particular, responsible for the selection, designation and evaluation of the KICs, as well as for monitoring and fostering their performance.
7. The Board consists of members appointed by the Commission. In its appointments, the Commission shall have regard to the balance between higher education, research, innovation and business experience as well as to gender and geographical balance and an appreciation of the higher education, research and innovation environment across the EU.
8. The Board is assisted by an Executive Committee composed of three appointed Board members – elected by the Board from the Board's appointed members – and the Chairperson of the Board. The Board members have a four-year non-renewable term of office and must act in the interests of the EIT, safeguarding its goals and mission, identity, autonomy and coherence, in an independent and transparent way.

Extraordinary meetings may be convened at the request of its Chairperson or members. Normally, the ordinary meetings last one full day. Board members receive honoraria⁴ for their attendance at meetings and are reimbursed for their travel costs. The meetings of the Board are prepared by the Executive Committee with support of the EIT.
